

Mizo ERP

A multi-tenant business management platform.

Outgrowing spreadsheets and disconnected applications

Migration risk stalls new projects.

Access control is all-or-nothing.

Arithmetic cannot be independently verified.

DEBIT		CREDIT	
VALUE A:	100.00	VALUE C:	80.00
VALUE B:	50.00	VALUE D:	30.00
TOTAL:	150.00	≠ TOTAL:	110.00

Review your data before writing

- Import existing data into staging.
- Match contacts, products, and accounts.
- Preview exact records and balances.
- Reject or commit the import.

Independent module and capability access

- Module licence restricts visible applications.
- Capability grants govern specific actions.
- Roughly 38 distinct functional areas.
- Independent view, edit, approve levels.

		Module Licence
